Suggested wording for claims

I

Claim 1, line 1: delete "Use of" and insert:
-- a method for the immuno-
stimulation of a non-mammalian
vertebrate, wherein a therapeutically
effective amount --.

Claim 1, line 4: delete all words after "dalton's"

Claim 1, line 5: delete all.

Claim 1, line 6: delete "amount of such
composition" and insert -- is administered --.

Claims 2-4 & 6-9, line 1: delete "use of
the composition of matter", insert -- method --.

II

Claim 8 has been presented incorrectly
in the amendment. It should have
been recited as -- [amended] --, not
"[original]" and "or Salmonella" should
have been underlined. In
any event "Salmonella" is new
matter. Specification only supports
"Salmonella typhimurium" (page 10,
line 27).

III

Amended claims must be double spaced.
